WellspringMinistries
"Understanding is a wellspring of life to him who has it..."

NEWSLETTER
MAY 2018

It is with heavy hearts that we share that Peggy Cossaboom went into the Lord's presence March 19. Some of you may remember her from "Freedom Nights", our School of Ministry, personal ministry at Wellspring or praying with her at various events around Anchorage.

Our loss, her joy to be where she looked forward to being! Peggy had a passion for helping others and was a valuable resource as a prayer counselor and teacher for Wellspring Ministries.

PEGGY ANN COSSABOOM

The following testimony is from her sister Nancy and demonstrates the blessing Peggy was in her passion to help others through the principles of Biblical Foundations of Freedom. There are many testimonies like this one from Peggy's ministry to others.

NANCY BORDERS

"My name is Nancy Borders. I am Peggy Cossaboom's sister. In 1994 my son, Brandon, was born with asthma and over the years it continually grew worse and another inhaler or drug was added to the list for him to take. Eventually when he would step outside in the spring, his eyeballs would swell out of his head. Scary! And another med was added. When he was eight or nine I tried to taper Brandon off his meds in hopes he was growing out of it (and at the suggestion of the doctor), but his symptoms only got worse without meds. Around 2001 Peggy had attended a conference in Anchorage and sent me the book, *Biblical Foundations of Freedom*. She said, "You might get something out of this. They say asthma is caused by fear." Being in the medical field we were taught asthma is genetic or caused by the pollen in the air. It took me awhile to get it read, but the fear chapter spoke to me. I asked God, "Do I have any fears?" He said that I had a few. That day I said to Brandon, "This book says asthma is caused from fear and we have some fears in this family. Can I lead you through the fear prayer at the end of the chapter?" Brandon said, "Yah, mom. I want to get off these meds!" It was August at age 9 ½ years he repeated that prayer to me, and we repented and cancelled Satan's power. We stopped his six meds except for an occasional Albuterol inhaler.

By December it dawned on me he was drug free. I said, "God, if this healing is real, Brandon can stifle a cough, but he cannot stop the eyeballs from exploding out of his head in the spring." Spring came and Brandon was healthy while the rest of us had colds. He is now 23 years old and has never been affected by asthma again.

God led me to start a Biblical Foundation of Freedom Bible class in California which I have been facilitating the last ten years watching people being healed emotionally and physically. With Wellspring God used Peggy to start a domino effect to touch many people for Jesus whom she has never met."

Peggy's family has asked anyone who so desires to donate towards the memory of Peggy, to do so through donating to Wellspring Ministries. Please note "Peggy" or "Cossaboom" on your donation as it will go towards personal ministry for those who are not able to give towards covering the cost of ministry. Peggy was part of Wellspring Ministries for close to ten years.

Wellspring Church Is Growing in Pakistan

Wellspring Church Pakistan ordained as Pastors: Arif Masih, Imran Gill, Victor Khayrat, Sanawar Khan and Samuel David by Bishop Dr. Jefferson Ghauri. These are new churches established recently.

Ministry in Cuba April 2018

Wellspring Cuba is moving forward. People from five provinces attended their week long sessions. As always were many healed and set free. Jose, Luis and Leonor are transforming their nation with the Wellspring teachings.
