February 2021

WellspringMinistries

"Understanding is a wellspring of life to him who has it..."

Faith and fear collide in the midst of prayer - every time! Our favorite verse that Wellspring Ministries was founded on still stands: Isaiah 61:1 "The Spirit of the Lord GOD *is* upon me; because the LORD hath anointed me to preach good tidings unto the meek; he hath sent me to bind up the brokenhearted, to proclaim liberty to the captives, and the opening of the prison to *them that are* bound."

Below is an encouraging report of what is happening at Wellspring Ministries and how the World is being impacted by your part of praying and giving. We can not do this ministry without you. We appreciate you. We are recapping a few of the testimonies we have heard over the last month and are happy to share them with you!

Wellspring of Kenya was able to minister to a family in need by helping a widow pay for her son's school fees. Being in a desperate situation, Tiaka and his mother came to Pastor Joseph for help. Wellspring of Kenya cleared the school fees and now Tiaka will learn without disturbance for the rest of the term. We thank YHWH for making us a channel through which His blessings can flow to this special family.

We were also able to distribute food to more hungry families in our neighborhood. Thank you again Wellspring Ministries for the help we received this past year of 2020. It has had a great impact in the lives of people here in Africa. We are changing lives and giving hope, one family at a time.

Pastor Joseph

Wellspring of Cuba - (Written by Judy W.) Pastors J. and L. have been faithful to continue to teach Wellspring seminars throughout the country in spite of the pandemic with very rainy and cold weather. It was amazing to receive an offering that made it possible for them to purchase a motorbike. Not long after, the mandates and rules came that during the pandemic it was not permitted to go more than a few kilometers from their home on a bike. This spoiled their plans of taking Wellspring to farther towns which previously they had been unable to reach on their bicycle. An offer to rent a car came since their son is a licensed driver. Soon they were teaching and praying with others that had not been reached with Wellspring. The meetings were incredible and several people got up out of wheelchairs including a little girl! (Pictured below!)

Upon returning home after the trip, L. mentioned that they had been offered a car which had been rebuilt with all new parts and even though it was an older model it was sturdier than newer models and could handle the bad roads in Cuba. She asked for prayer to be able to purchase the vehicle. As only God could orchestrate the situation, someone asked to buy the motorbike for the same price they had paid for it (your first offering) and then without knowledge of the car offer and desire to buy it, another offering came EXACTLY at the precise moment. Pastors J. and L. are overwhelmed by the perfect timing of God and generosity to Cuba! Latin America is forever changed by Wellspring!

Wellspring India - We want to share our thankfulness to everyone who has stood with us during this past year from Wellspring Ministries.

At the beginning of 2020 we decided to rent a commercial building for our congregation as we were meeting in a small apartment and it had become very crowded. We took the step of faith and spent a lot of time making it a place where people could meet for our services and receive personal ministry. After meeting for just two services, the COVID-19 hit, and we went through the lockdown.

Everything seemed strange as we had invested much, but we have seen the graciousness of God to help us use the space to air our programs live. Having our services live not only helped the people stay connected and use the time for the study of God's Word, but also opened the doors for many new people to join with us online. It also gave people more time to come online and pray, study His Word and also have counseling sessions.

This time gave us much more access online into many communities in other parts of India! We have spent much time in zoom sessions and online teachings and spread the connection to many other communities around the nation. A surprising effect we saw was a tremendous impact of people from neighboring countries and beyond!

During the lockdown we were able to help many families for their basic needs as many people had lost their jobs, homes and schooling for their children. Many families were greatly impacted from the generous donations from Wellspring along with local donations. We were able to give basic provisions to about 100 families. We would love to share photos, but there is a significant amount of caution at this time to be safe.

Due to the lockdown not only did the physical needs of the people increase but also spiritual and emotional needs increased. We had to spend hours on counseling via phone & email. The Lord impressed me to start a daily devotional. Now many receive a "Daily Manna" in their inboxes to help them with their walk with the Lord!

We have seen great success and healing in several families as we counseled them

through steps of forgiveness and repentance. Though this has taken much of our time and we were busier than ever, we have seen great fruit. We are taking several couples through counseling right now to help their marriages. This is a serious need in this generation.

We have lined up several "freedom seminars with training for prayer ministry" to help more people to connect with the Wellspring teachings and get them to take up seriously working out their salvation. By the doors opening to connecting with other communities, we have seen the body of Messiah lack desperately in working out their salvation. Many groups who claim to keep the Torah, are only outwardly focused and are not dealing with inner transformation.

As a family we have been through tremendous healing and restoration and we have seen our teenage children really take on a bigger role in the ministry as they have had much time with us to work through many things.
Blessings on you, Joe and Susan

Wellspring of Pakistan - Thank you so much for all the support you have given Wellspring of Pakistan this last year 2020. We are grateful for the ability to distribute food and clothes to those who were not able care for their needs in food and shelter. Here is a photo of our Anniversary of Wellspring Church and Christmas Day.
God Bless You and Wellspring Families, Pastor Jefferson

Wellspring of Nepal - We thank God and appreciate Him for His loving kindness and tender mercy to us in Nepal this year of 2020.

Thank you to Wellspring Ministries for your instant relief support, that helped us to take action immediately to help our part of world receive healing and food supplies.

We were able to take care of people in our congregations as well as those we did not know in this time of extreme need. Now people are recovering and churches are rising up. Many people came to Christ. Physical ministry moved to Zoom, Facebook, Viber, Sky, etc. This opened wide access to worldwide ministry that kept us very busy. Thank God for digital media, the pandemic could not close ministries, rather a new avenue of ministry has opened up. The church turned into a praying church, now we have a 24 hour prayer chain in our church.

May God be glorified! His church be strengthened. Let us pray for revival. I see in my spirit that revival is the only answer for today and revival begins with repentance. We are seeing and experiencing some raindrops of revival but we are looking for the heavy rain of revival.

God bless you all! Bro. Daniel

Please Pre-register for this life changing class. Please check with your airline about travel restrictions for arrival in Anchorage!

Here is how you can give offerings to Wellspring Ministries:

- Call the office with your offering by credit or debit card: 563-9033
- Mail a check to: Wellspring Ministries, 2511 Sentry Drive, Suite 200, Anchorage, AK 99507 (please note "Wellspring Ministries" on your check)
- Visit our website for more giving options, remembering to note "Wellspring Ministries" in the appropriate note boxes: https://akwellspring.com/donate/
