CHANGING LIVES~CHANGING THE WORLD TESTIMONIES

by Dr. Art Mathias

Sometimes life can be a real challenge and we are tempted to wonder if God is still there or if He really cares. This is what the devil always does. At times like this it is good to remember what YHWH has done for us in the past because He never changes. He knows we have short memories thus He asked us to remember His miraculous deliverences at specific times every year, such as Passover, Trumpets and Sukkot. In Luke 22:19, while celebrating Passover He took a piece of matzah, he made the blessing, broke it gave it to them (His disciples) and said, "this is my body, which is being given for you; **do this in memory of me**."
We remember how He delivered us from Egypt or bondages; how He died for our sins; how He healed our broken hearts; healed our broken bodies and many other things.
Here are a few testimonies from two conferences that I taught this fall that will encourage all of us.

F.D. came to the First United Methodist Church in Clyde, Texas for a Freedom Conference. He could hardly breathe because of lung cancer. He listened and prayed on Sunday and said he felt a lot better. He continued to pray through the past and present bitterness in his life, and by Wednesday he was breathing great. The following week he had a PET scan and the **lung cancer was gone!**

Rev. N. P., a retired Methodist pastor had suffered with a broken hamstring. The doctors said there was nothing that they could do. He came to the conference using a walker and thinking he would never walk again. He prayed through many things in his life and after the Wednesday morning session we prayed for a miracle, that God would reattach his hamstring. After we prayed I asked him how his leg felt and he said it was tingling. He sat in his chair for a few minutes after the meeting was over and then he stood and put the walker on his arm, and walked out of the room with a normal walk. He went to his car, left the walker and then came back in, standing up straight and walking normally. I asked him how he was doing, and he said, **"I am healed! God has reattached my hamstring."**

A young woman testified that she had suffered with **daily migraine headaches** for most of her life. She said that after receiving ministry from a person trained by Wellspring four months earlier the **migraines were gone!**

A young woman shared that her uncle suffered from **diabetes** and that he was in the hospital in Toronto waiting to have his leg amputated just below the knee. She said he was watching on the livestream of the conference and that she was praying with him and as they prayed **h*is leg began to heal*,** and surgery was canceled!

A person living in Peru who watched the livestream, called in and reported being ***healed of leprosy!***

Jack Harley came to the conference from New Brunswick. Jack shared how he purchased a copy of *Biblical Foundations of Freedom* from my appearance on the Sid Roth show. He shared how he began to do the simple things the book taught. He reported three different people being healed of **cancers** as they learned to forgive, and another healed of advanced **Alzheimer's** disease. The Alzheimer's was so advanced his wife had to do literally everything for him. Jack asked if her husband was a believer and she said yes. Jack then explained how her husband had accepted the false identity of Alzheimer's and told her to explain to him who he really was in Jesus, even though he could not understand anything. She did this that evening as she put him in bed. The next morning he was not there. She looked all over for him, he was not in the home. Then she looked outside and he was washing their car! Totally healed!

I prayed with a lady who had **back surgeries** but still suffered with constant pain and unable to work. I asked when the pain started. She told me she had hurt herself four years ago while working out. She then shared she was working out to keep her boyfriend happy. We prayed and **the pain left**.

Several shared with me how broken relationships with their children and other family members were healed through forgiveness.

These are just a few of the incredible things that happened in these two conferences. Pastor Monty from Clyde, Texas, sent me a text and said, "Thanks so much! There is a wonderful wave that the conference and Jesus left for us to ride."

I hope that these testimonies are very encouraging to you for two reasons. First, God is still in the business of miracles. Second, He chooses to work through all of His people; not just a special few.

God Bless you and may you each have a wonderful holiday season and New Year!

Dr. Art Mathias

Keep on praying for His answer to our financial challenge with our building! We need His miracle.
