# WellspringMinistries

"Understanding is a wellspring of life to him who has it..."

**Thank You!**

Here is where your donations have gone. But sadly, the hunger crisis and famine caused by the world's reaction to this current Coronavirus is not. People will need help for months! Please look at the pictures and read what our pastors have told us. Thank you for your continued love and support.

God bless you! Dr. Art

**INDIA - Pastors J & S**

We want to thank you and all the supporters for helping us provide basic food for 25-50 families for a month. We were able to distribute: rice, lentils, wheat flour and fresh vegetables for each family.

It is really very sad to see the plight of the poor and needy in our country. They shut down everything suddenly without any warning and many people lost their homes. Many had to walk home with children from school for 700 – 1500 kilometers because of lack of transportation. We are in summer heat now and many did not have food and water. The sad part is, many died from the intense heat and no work for food and essentials. Many are still without water and basic essentials.

**CUBA - L & L**

Cuba has a unique need that Wellspring is ready to meet regarding the faithful family that has been ministering healing in every area of their lives. Wellspring pastors there have been delivering provisions for the needy with their bicycle. They also have a pizza business that has been shut down except for pre-orders with deliveries. They simply can not make the deliveries in a timely manner for customers. With a motorized bike, they would be able to make deliveries to sustain income with pizza delivery as well as continue with ministry to the needy. We would like to ask for you to pray for Cuba and continue to donate towards the needs there.

Needs being met in Cuba - Here are pictures of the ladies helping prepare bags for delivery to needy families.

**KENYA, AFRICA - Pastor J.C.**

We thank YHWH who has chosen to use us to feed the hungry in Kenya as we advance the message of His Kingdom. Thank you very much for supporting us in prayers and finances and encouragement. We are always happy and thankful to God for you.

We have distributed food to 26 new families. This time we have widened our group to include the elderly, neglected and starving mothers. In doing so, we have come across very hungry vulnerable people. In one of the homes the family did not have any food at all. They had exhausted what they had and were not sure where the next meal would come from. A father shed tears while thanking us for giving his family food. One lady shared with us that we were the first people to give her food in spite of her advanced age and high level of poverty.

In a village called Gema, we were surprised to see old grandmothers walking far to reach where we could not come with our small car to navigate the bushes.

**Pakistan - Pastor J.G.**

Distribution of food in the Gillwalla and Sargodha areas of Pakistan. Thank you so much for the donations to these very needy areas. Due to the lockdowns many are not able to feed their families and help those around them.

**We desire to continue support. Want to join the effort? Every designated donation is reserved for crisis support.**

**YES! I WANT TO BLESS OTHERS!**

**To make sure your donation is allocated appropriately, please choose "Wellspring Missionary Support" from the options.**
