WellspringMinistries

"Understanding is a wellspring of life to him who has it..."

September 2016

Urgent Prayer Request

Please be in prayer for Jason Mathias, son of Dr. Art and Patti Mathias. He will be undergoing open heart surgery early next month in Illinois to repair areas of his heart. He is married and we would like you to remember his wife Willie also at this time. We are praying for complete healing and peace for Jason, Willie and all those involved at the hospital.

Thank you so much for praying for my family,

Art

Message of Hope for the Homeless

By Janice Coulter

Want to enliven your week? Consider joining the Freedom team from 7:30- 9am each Friday. You will be blessed, as you bless! If you are a graduate of the Wellspring School of Ministry you are qualified. This is your personal invitation to join us at the **Downtown Soup Kitchen Hope Center in Anchorage.**

The privilege of teaching here came to the Wellspring staff through the director who is also a graduate of the School of Ministry. Sherry has experienced first-hand the portable powerful message of forgiveness and repentance and knew it would have an impact in the facility.

Friday mornings are now called "**Freedom Friday.**" We are teaching **Biblical Foundations of Freedom** to women who are spending time at this shelter during a transition period of their lives. ***The message is full of hope and acceptance in a situation where rejection and despair are frequent temptations***.

God's message of healing and restoration that comes on the heels of forgiveness and repentance is shared weekly with sometimes just a few ladies. It always has predictable results- prayers, restoration and joy after the tears.

We are excited to be involved in this ministry and ask for your prayers to come against the spiritual battle that occurs when the message of HIS Light and Truth is shared. We love being there each Friday. If you are interested, we have a place for you on this important assignment.

In Jesus Name, we declare that these women experience a hope that does not disappoint as they are reminded that their Redeemer lives!

Wellspring Kenya ~ Ministry to Children

Caring Hearts Children's Home is part of the ministry of Joseph Chege and his family in Kenya. He is a graduate of Wellspring School of Ministry and has taught several Wellspring Conferences in Ol Joro Orek, Kenya and surrounding areas.

In the last few years Pastor Joseph has worked hard to make a place for several children outside his immediate family. Each one of these precious ones have improved greatly in acceptance socially, spiritually and academically. Some of the most basic needs have been met by being able to be part of the family at Caring Hearts. Having a good schedule, a place to sleep and good food. It is always our greatest joy when we see them talking about their future dreams. They all are thinking positive and growing in the Lord.

PRESENT NEEDS:

- A home library would really help them to continue studies in the evenings and weekends.
- Clothing for the children as they are out growing their present ones.

WELLSPRING FARM:

- Wellspring Farm is helping with food production to help the children, but also it helps supplement income by selling fruits and vegetables. Produce includes spinach, carrots, maize, potatoes and fruits. We are in need of an irrigation system due to unreliable rainfall. Having a water irrigation system will go a long way to helping produce more at the farm. We also wish to have a cow for milk and raise chickens for eggs.
- Transportation between Wellspring Farm and Caring Hearts has become an ongoing need. I have been using my personal vehicle, but now it is even having breakdowns and I am not able to use it.

If you are led to help financially please click here.

Wellspring India
"Hope Home" for Girls & Boys

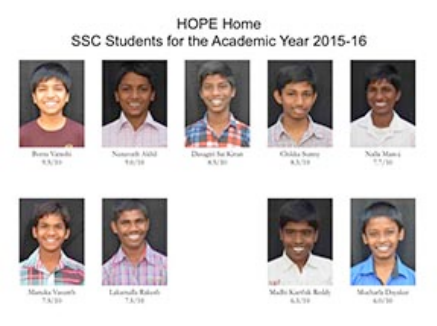

"The summer is gone and the rains have begun. The heat of the sun is replaced with the wetness of water. What a relief to all of us here. That is the process of nature and every season is good and helpful to all of us. So also every season in the life of each of us. Times of joy and not so happy times. Just as summer is re-placed with rains and rains with winter… life goes on and should go on.

The boys were the center of everything at HOPE Home so far. Now the girls have come. They brought along with them laughter and cheer…that is exactly the atmosphere at HOPE Home Girls. Nineteen of them have joined us this June.

The girls have flocked together like 'birds of a feather' and have become one 'BIG' family. They get along well and are happy to be together. They are all bright and lively girls ☺ *This is a great answer to many prayers!*

Thanks so very much for your kindness, love, generosity and friendship over these years. It is a blessing and we deeply cherish it.

Love *from Joe & Susan Johns"*
